

ENVIRONMENTAL POLICY

Acclaim Handling Ltd accepts its responsibilities to manage its activities in such a manner that the company's environmental impact is reduced to an absolute minimum.

The company is committed to continual improvement of its environmental performance and the prevention of pollution and intends to achieve this by setting clear objectives and carrying out regular audits of all aspects of the company's business.

Acclaim Handling will:

- **Comply with relevant environmental legislation, regulations and industry standards, at its main premises, satellite workshops and whilst working on customers premises.**
- **Seek to improve the management of energy, resources, raw materials and where reasonably practical, reduce, reuse, or recycle.**
- **Ensure that all its employees and sub contractors are aware of the potential environmental impacts of their activities and the benefits of improved performance.**
- **Deal only with reputable, registered waste carriers who have a proven track record within the industry.**
- **Keep accurate readily available records of any documentation relating to the disposal of waste generated by its activities? Provide access on request to information on the company's environmental performance.**
- **Inform and train all employees in order to improve overall competence and awareness of environmental issues**
- **Actively encourage employees at all levels to participate in implementing the principles of the environmental policy and seek out and implement new initiatives.**
